## UZH Main Campus

All debating sessions will take place in the buildings marked in red at the main campus of the University of Zurich.

Each committee room will have a poster on the door indicating which committee it is. The break room will also be indicated with a poster on the door and several signs around the building pointing you in the right direction. If you are having trouble finding where you are supposed to go, do not hesitate to ask for help.

- B KOL-G-222 (Chair Meeting)
- C KOL-G-217 (Crisis & ROP Workshop)
- D KO2-F-180 (Closing Ceremony)

Dear delegates, chairs, guests, and friends of the Zurich Model United Nations conference,

It is our great pleasure to welcome you to the Zurich Model United Nations conference 2023, taking place from the 27th to the 30th of April. This year's conference is particularly special, as we will be addressing a topic that is of utmost importance and relevance to our world both in the present and the past: The Circle of Political Extremism.

As Co-Secretary-Generals, we believe that this conference presents a unique opportunity for young leaders from around the world to come together, to engage in constructive dialogue, and to work towards finding solutions to this critical challenge. Over the next few days, you will have the chance to participate in simulations of the United Nations General Assembly and other UN bodies, where you will dive into and represent the perspectives and interests of member states.

We encourage you to make the most of this experience. Seek out diverse perspectives, collaborate with your fellow delegates, and engage in meaningful debate as you work towards finding solutions to topics relating to political extremism. The skills and knowledge you gain from this conference will not only enrich your academic and professional development, but will also serve you well as you work towards building a more peaceful, just, and equitable world.

On behalf of the organizers of this conference, we wish you all a productive and memorable time in Zurich. We have no doubt that your time here will be an invaluable investment in your personal and professional development, and a testament to your commitment to making a positive impact in the world.

Soha Ziadeh

## A Word of Welcome by the President of the ETH

Dear participants of this year's ZuMUN conference,  
It is a great pleasure for me to welcome you on behalf of ETH Zurich! I wish you a successful and inspiring conference and enriching encounters, from which many friendships will surely emerge.

It is associations and organisations such as MUN ETH and MUN UZH that make a significant contribution to a vibrant campus and ultimately to an attractive university town. I am extremely grateful for this engagement.

I am very impressed by the topic chosen: "The Circle of Political Extremism". It will provide a platform for participants to engage in meaningful discussions and debates, share their ideas, and propose resolutions that can help combat extremism and promote peace and stability. The present state of the world is calling for our attention!

I wish you all the best for a successful ZuMUN conference 2023!

Prof. Dr. Günther Dissertori, Rector of ETH Zurich

## A Word of Welcome by the President of the UZH

Welcome to the University of Zurich! It is a great pleasure for me to welcome you to the annual Zurich Model United Nations conference organized by the MUN teams of UZH and ETH. I am delighted that young people from all over the world take this unique opportunity to exchange knowledge and experience.

By addressing the issue of political extremism, this year's conference contributes, as it does every year, to public debates on highly relevant contemporary issues. Knowing that societies are growing more politically divided and polarized in every region of the world, targeted efforts are needed to counter extremism leading to the violation of fundamental and human rights of groups and individuals.

**University of  
Zurich** UZH

The Zurich Model United Nations conference provides an excellent framework for debating complex issues, while at the same time offering students a chance to learn about rhetoric, leadership, and intercultural understanding.

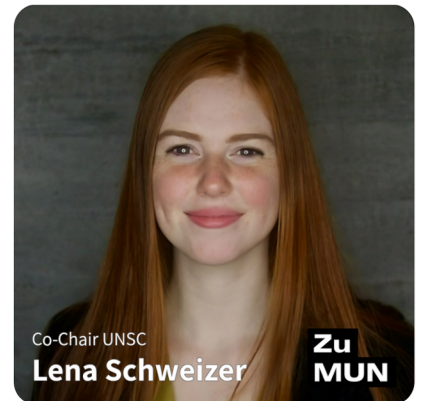

Dear participants, during the coming days you will not only promote positive forces in an uncertain time, but also expand your personal network and make new friends. Enjoy your stay in Zurich and come back to visit us soon!

Prof. Dr. Michael Schaepman, Rector of UZH

# The Rathaus

The Rathaus Zurich, or Zurich City Hall, is a historic building located in the heart of Zurich's Old Town. This is where ZuMUN 2023 will have their opening ceremony on Thursday afternoon.

Built in the late 17th century, the Rathaus has served as the seat of the city's government for over three centuries. The building's striking façade features a mix of Renaissance and Baroque architecture, with elaborate decorations and frescoes adorning its walls and ceilings

Inside the Rathaus, you will have the chance to sit in the Council Chamber, which is still used for official city business today. Pay attention to the room features such as the ornate wooden paneling, historic paintings, and intricate stucco work. Overall, the Rathaus Zurich is a must-see destination for anyone interested in the city's rich history and culture.

# Safety Support

The safety and wellbeing of all conference attendees (includes but is not limited to delegates, faculty advisors, chairs, backroomers, Organization committee members, volunteers) is of utmost importance. ZuMUN 2023 is committed to creating a safe and respectful environment for all attendees regardless of race, gender, ethnicity, sexual orientation, age, disability or any other protected characteristics.

Throughout the entirety of the conference the Anti-Harassment Policy will be in effect. You can find the Anti-Harassment Policy on our [website](#).

This year we have added special attention to Spiking, the act of putting drugs or alcohol into somebody's drink or body without their consent, which is illegal and dangerous. As there have been a rising number of cases in the past months globally.

At every social event at least two Safe People will be present, they will be identifiable with the help of a green button on their chest (see image). You may approach either the safe people or any organization committee member in case you either experience or witness harassment and/or spiking.

## **Preventative measures:**

Please make sure to read the Anti-Harassment Policy carefully. Never leave your drink unattended or out of sight. If you do so, do not drink from it and get a new drink.

# Getting around Zurich

The easiest way to get from A to B in Zurich is by public transportation and on foot. You can find all schedules on the ZVW website: [www.zvv.ch](http://www.zvv.ch).

Tram and bus lines run from 6am to 1am mostly every 7 to 10 minutes. On Friday and Saturday nights, there is the special nighttime network (see below). You should always carry a valid ticket with you since there are regular ticket controls and high fines.

## How to get to the University of Zurich/ETH Campus?

- From **Zurich Main Station** or **Central** take Tram No. 6 (direction Zoo) or 10 (direction Zürich Flughafen) to **ETH/Universitätsspital**.
- From **Bellevue** take Tram No. 9 (direction Hirzenbach) to **Kantonsschule** or **ETH/Universitätsspital**, or Tram No. 5 (direction Kirche Fluntern) to **Kantonsschule**.
- From **Zurich Airport** take Tram No. 10 (direction Zürich HB) to **ETH/Universitätsspital**

## Getting around at night

**The Nighttime network:** On Friday and Saturday nights from 1am until 4am, Zurich has an extensive transportation network that runs throughout the night (it's called "Nachtnetz"). The lines (bus lines only) are significantly different from the usual daytime network. A regular ticket suffices to be able to use the "Nachtnetz".

**Taxis:** There are several taxi companies in Zurich, which you can easily order by phone and require a waiting time of about 5 – 10 minutes. There are also several taxi stands, in particular around Bellevue and in front of the main station. The basic fare is approximately 6 CHF and every kilometer is about 3.80 CHF.

- Taxi 444: +41 44 444 44 44
- Taxi 7x7: +41 44 777 77 77
- iTaxi: +41 800 008 000 (free within Switzerland)
- Another option is: Uber

# Where to eat?

## Locations for lunch

**ETH & UZH Mensas:** The two universities have different locations to have lunch, especially on Friday of the conference between Committee Sessions I & II.

**Holy Cow:** This is a Swiss fast food restaurant with different types of burgers, which are not the cheapest but definitely worth it.

**Hot Pasta:** A short distance from ETH, you will find a restaurant with original Italian food.

**Domino's:** A short distance from ETH, they serve pizza.

**apoTHEKE:** An old pharmacy turned into a cafe/bistro. They serve various salads and sandwiches for lunch.

**Coop:** A Swiss supermarket chain with a couple of stores around our location.

**Migros:** The biggest Swiss supermarket chain where most locations have a take-away with warm snacks, sandwiches, salads etc.

**TooGoodToGo:** An App which allows you to save food from being thrown away! While helping fight food waste you can also dine what your heart desires all at a discounted price. Available on the App Store or on Google Play

**ÄssBar:** Buy Bread and Pastries from yesterday to save them from being thrown away!

# Locations for dinner

**ApoTHEKE:** A cafe favorite with students. Offering a variety of sandwiches and salads but also great coffee and cakes.

**Tschingg:** This restaurant with take-away is a good and close possibility to eat cheap and real Italian Pasta.

**Commihalle:** A good Italian restaurant, which can accommodate large groups upon reservation. The evening buffet offers delicious food for an affordable price.

**Hiltl:** The oldest vegetarian restaurant in the world. A good place to eat, for everyone.

**Le Dézaley:** A restaurant at the foot of Grossmünster, renowned for their cheese fondue.

**Papa Joe's:** PJ is an American restaurant serving amazing burgers. Papa Joe's also offers a fun bar just downstairs.

**Tibits:** Another vegetarian restaurant with a "pay-by-weight" lunch buffet.

**Zur Öpfelchammer:** A historical restaurant to eat delicious, typical Swiss food, right in the middle of Niederdörfli.

**China Restaurant Chopstick:** This restaurant serves affordable Asian meals directly in the Niederdorf.

**Holy Cow!:** The meat at this contemporary local fast-food burger chain is sourced ethically. Their burgers are definitely worth a try.
